PUBLIC NOTICE

TO WHOM IT MAY CONCERN:

In accordance with 40 C.F.R. 270.42(a) and the Kansas Administrative Regulation (K.A.R.) 28-31-9(a), Ashland Chemical, Inc. hereby makes the following notification:

Effective December 31, 1989, Ashland Chemical, Inc. is the owner and operator of the facility at 3155 Fiberglass Road, Kansas City, Kansas 66115, which facility was formerly owned by the Olin Corporation via its Olin Water Services Division. Ashland has purchased the Olin Water Services Division from the Olin Corporation. The facility at 3155 Fiberglass Road is covered by Resource Conservation and Recovery Act Hazardous Waste Storage Permit No. KSD000203638. Pursuant to submittal to the Kansas Department of Health and Environment Hazardous Waste Section of an Agreement for Transfer and a revised RCRA Part A Hazardous Waste Permit Application for ownership transfer, Ashland is now the owner and operator of record under said permit.

The documents required by 40 CFR 270.40 to transfer a RCRA permit are available for review at the following address during the hours of 8:00 a.m. - 4:30 p.m. weekdays:

Kansas Department of Health and Environment
Bureau of Air and Waste Management
Building 740, Forbes Field
Topeka, Kansas 66620

Any person desiring to submit comment(s) on the Class 1 modification should mail them to the attention of Mr. Steve Broslavick at:

State of Kansas
Department of Health and Environment
Division of Environment
Building 740, Forbes Field
Topeka, Kansas 66620-0002

If there are any questions concerning this Class 1 modification, contact Larry Prouty, Ashland Chemical, Inc., Drew Industrial Division, 51 Corporate Woods, 9393 W. 110th Street, Overland Park, Kansas 66210, telephone number (913) 451-3100.
